## USC and ISO 9001:2015 Certification

Universal Switching Corporation has a Quality Policy that serves as the backbone for the products, services, and innovative designs it offers. As a global supplier of cutting-edge switching equipment and associated support products, Universal Switching Corporation's management fully supports the ISO process and its function within the company.

In achieving ISO 9001:2015 certification, Universal Switching Corporation has demonstrated to ANAB accredited third party auditors (National Quality Assurance) that we have an effective Quality Management System in place. These include the following types of processes:

- *Organizational context*
- *Leadership and commitment*
- *QMS planning*
- *Risks and opportunity action plans*
- *Quality objective management*
- *Resource, infrastructure, and personnel support*
- *Monitoring and measurement of resources*
- *Documentation systems and control*
- *Operational planning and control*
- *Determination of customer requirements*
- *Review of product requirements*
- *Control of monitoring and measuring devices*
- *Design and development systems*
- *Control of externally provided products*
- *Production and service provisions*
- *Identification and traceability*
- *Performance evaluation of systems*
- *Internal audits and continual improvement*
